- 2 qty - 1-1/4 inch yellow for the ears
- 2 qty - 1-inch white for the cheeks
- 2 qty - 3/4 inch white for the eyes

These are the side stripes on the face.

3. Take the 1/8 inch strip and cut into three pieces: 1-inch, 3/4 inch and ½ inch.

Round the ends of the two smaller pieces and one end of the 1-inch piece.

These are the stripes for the top of the head.

4. Place pieces onto the head and glue in place

5. Use the black marker to draw in the eyes. You can also draw in a mouth if you want. Take the 1-inch square and cut out a heart for the nose. Place in the center of the cheeks and glue in place.

6. Roll the 1-inch x 3-inch yellow strip. Overlap the ends and tape together. Tape to the back of the head.

7. Fill bag with treats and twist up the top opening. Slide the Tiger head onto the twisted bag.
