1. Cut out the pattern and trace the pattern on to the gold felt.

3. Join the two felt piece together except at the top between the ears. To join the two pieces together you have a few options. You can use a glue gun or tacky glue around the edges. Note - Tacky glue will take longer to dry.

You can also use embroidery floss and back stitch around the edges. Samples used four strands of floss

4. Use the cutters to cut off the shanks from the eyes. Place the eyes on to the felt, referring to the photo for reference. Glue in place.

5. Add the eyebrows above the eyes. Use a black marker and draw them in, or use the black embroidery floss and make a few back stitches.

6. Trace pattern and cut the nose out of black felt. Place below the eyes and glue in place.

7. Optional: add a WAPPEN bee applique to the nose. Iron on or glue in place.

8. Use the pouch to hold a gift card and/or note.
