

T-LITE CAKE

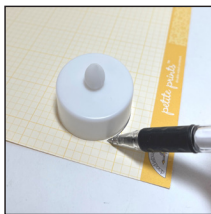

SUPPLIES & TOOLS

- T-Lite candle - battery operated #30184453
- 2 1/2" x 2 1/2" Cardstock for cake top
- 1 1/2" x 5 1/2" Cardstock for side wrap
- Cardstock for bottom "doily"- approximately 3" circle
- Small embellishments for decorating - buttons, flowers, ribbon, beads, sequins, etc.
- 1/4" Double Stick tape #30013284
- Low temp Glue Gun & Glue sticks
- Scissors - fine tip for snipping recommended
- 1/4" Hole Punch #77178558
- Pencil/pen for tracing
- 30" of 3/8" sheer stain edge ribbon or similar
- Sewing thread and needle
- Optional - circle punches can be used instead of tracing and cutting out circles.

NOTE: Adjust cardstock measurement to fit the size of your battery-operated t-lite candle.

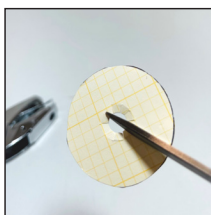

INSTRUCTIONS (T-Lite Cake)

1. Take the T-lite candle and place it onto the cardstock for the cake top with the wrong side facing up. Use the pencil/pen to trace around the bottom. Cut out the circle.

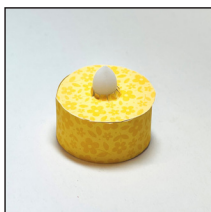

5. Glue the ruffle along the top edge of the candle for the "icing". Decorate the top of the cake with mini flowers, beads, buttons, etc.

2. Use the 1/4" hole punch and make a hole in the center of the circle. Make small snips around the punched-out hole.

6. Take a larger cardstock circle and center the cake on top. On the bottom, mark where the light switch is and punch a hole for the light switch to come through. Center the cake and tape to the circle.

3. Use double stick tape and adhere the circle, right side up, onto the candle top, with the "flame" coming through the punched hole.

Take the strip of cardstock for the sides and tape around the candle.

7. Switch the T-lite on. You can make a small stand or box to place the cake in for presentation.

4. To make the "icing" along the edge: Take 30" of 3/8" sheer satin edge ribbon. Thread your needle and knot one end. Sew a running stitch down the middle to gather the ribbon to ruffle.

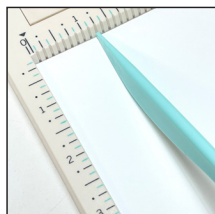

T-LITE CANDLE CAKE BOX

If you want to place your T-Lite cake into a box, here's a simple mini "bakery style" cake box you can make.

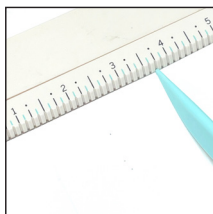

SUPPLIES & TOOLS

- 5" x 8" White Cardstock
- 1/4" Double Stick Tape #30013284
- We R Score Board #30195075
- Scissors
- Pencil & Ruler

INSTRUCTIONS (Cake Box)

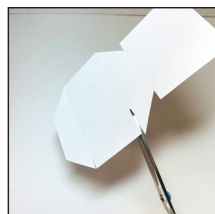

1. Place the 5" x 8" cardstock onto the Score Board, aligning the 8" edge along the top of the board. Score at 1 1/4", 3 3/4" 5" and 7 1/2".

2. Rotate the cardstock and align the 5" edge along the top. Score at the 1 1/4" and 3 3/4".

3. In the top two sections, score at the 3/4" and 4 1/4".

4. Follow the diagram and cut off the corners in the first section. Trim the last section so that the sides are only 1/2" wide.

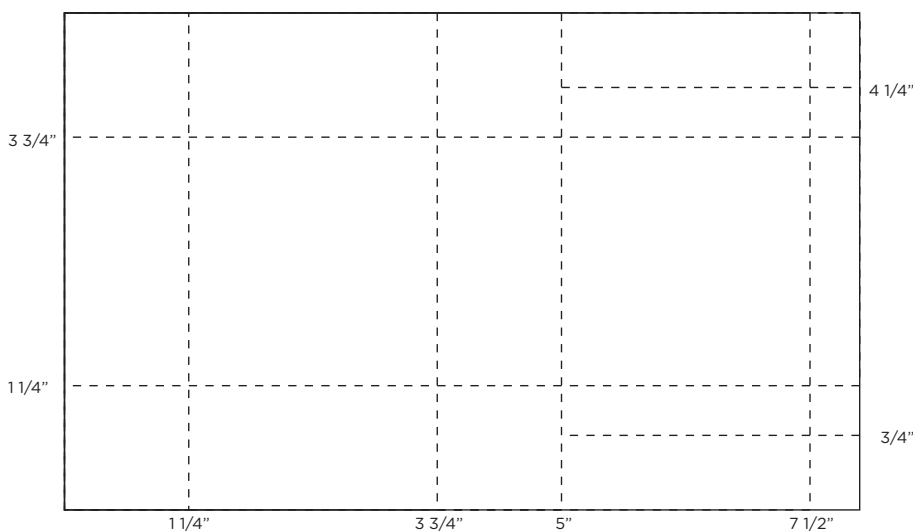

5. Crease at all scored lines.

Fold up the sides, folding the corners tabs. Tape tabs to the sides.

6. Place "cake" in the box.

PATTERN

*Dotted lines are scored lines.
