Bunny Gnome

A Cute Little Critter To Keep An Eye On Your Indoor Plants.

SUPPLIES

- 2.5 in. Smooth Foam balls • 30159949
- 1/4 in. pink pompom • 30187676 or 30159938
- 3/4 in. white pompom • 30006969
- Red felt • 77676619
- White acrylic paint • 77624882

TOOLS

- Hot glue gun • 77536417
- Glue sticks • 77533638 or Fabri-tac • 1369347

INSTRUCTIONS

- Paint the bottom half of your smooth foam balls white and let dry.
- While paint dries, trace and cut red felt using pattern (see back of this sheet).
- Glue your felt into a cone shape, making the gnome's hat.
- Once paint is fully dry, glue one pink pompom where the half-way point of the ball is. Then glue the hat down onto the ball's unpainted side. Make sure the hat fits tight around the ball and it is pulled to where the pompom nose is.
- Glue the white pompom for the tail and you're all done!

See pattern on back of sheet.
