### INSTRUCTIONS

1. Use the patterns from the project sheet or freehand cut out flower petals and leaves. Petals are 6 in. x 3 in. for large and 4.5 in. x 3 in. for the smaller petals. Cut out five petals per flower. Cut out for three flowers. Leaves are 3.75 in. x 1.75 in. or smaller. Cut out as many leaves as you want.

2. Use the pencil to curl the petals and leaves.

3. Plan the placement of your three flowers. Place three petals for the top of the flower, slightly overlapping. Glue the bottom tips of the petals in place.

4. Place the plastic shape in the center. Glue in place.

5. Place the last two petals in front of the plastic shape.

Glue to the front of the plastic shape to complete the flower.

6. Repeat steps 3-5 for the other two flowers.

7. Tuck in leaves between the flowers and glue in place

8. Add a bow on the fan handle. You can also write a message on the back of the fan.
