- Ribbon, Trims, Yarn, etc. for bow topper
- Scissors
- Optional - Spanish Moss #30212850

NOTE: The stamp design used was Lawn Fawn Fangtastic Friends

INSTRUCTIONS

1. Stamp and cut out the images you want to use. You can hand cut or use the matching dies of the stamp set.

2. To color the stamped and already cut out images, use a strip of washi tape to hold them in place. Place the washi tape with the sticky side up on a scratch paper. Place the images on the washi tape, just a little on the edges to hold them in place.

3. Open the fillable ornament. On one side, place a small bit of fiberfill to resemble a cloudy sky.

4. Cut a skinny strip of the clear acetate and see if it will fit in the plastic ornament, trim down as needed. Attach bats to the acetate with double stick tape or fast grab tacky glue. This will prevent the bats from moving around.

5. Place the bats inside of the ornament, resting on the fiberfill. Close the ornament.

6. Dab the purple alcohol ink around the edges and back of the ornament.

7. Finishing - Tie ribbons, cords, yarns, etc. to the top of the ornament to embellish.

Add another stamped bat on the outside with tape or glue dots.
