HANDMADE HOLIDAYS

Christmas Wreath

HANDMADE HOLIDAYS

SUPPLIES

- 14 in. Straw Wreath (#77603621)
- 10 yds. of 10 in. width Deco Mesh Ribbon
- Greening Pins (#77479485)
- Christmas Ribbon
- Christmas Floral Picks and Sprays
- Christmas Ball Ornaments

INSTRUCTIONS:

1. Pin deco mesh to the side of the straw wreath. Grab a small handful (5-6 in.) , cinch together the end and pin to the side. Space each pin approximately 3-4 in. apart. Repeat till you get all the way around the wreath.
2. Now take the deco mesh and begin pinning it to the center of the wreath - repeating what you did on the side - but now pinning in the center of the wreath. Go through the roll. If you come up short, don't worry, this is where you will fill with your ribbon, floral pick and ornaments.
3. Make a 2 loop bow and pin onto the wreath. Repeat approximately 5-7 times.
4. Fill in bare areas with floral picks and ornaments.
