- 2-in. x 11-in. cardstock for belly band
- 1-in. Circle Punch #30028719
- Score Board #30193342
- Paper trimmer #30174692 or 30236174
- Scissors
- Strong Double Stick Tape/Adhesive
- Extra: embellishments

INSTRUCTIONS

1. Making the Gift Card Pocket:
Take the cardstock and place on the score board with the 4 1/4-in. along the top. Score at the 2 1/8-in. mark.

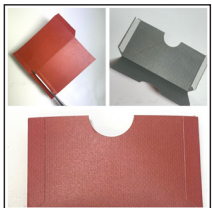

2. Turn the cardstock so that the 4 1/2-in. edge is along the top and score at the 3/8-in. and 4 1/8-in. points.

3. Using the circle punch, center over the 4 1/2-in. edge. Punch just half a circle to create a notch to make it easy to pull out the gift card.

Fold the piece in half and align the punch to the circle cutout to create the matching notch on the other side.

4. Take the scored piece and trim off the 3/8-in. edges only on one half side of the pocket.

Add double stick tape to the 3/8-in. tabs. Fold the piece in half and fold the tabs over to adhere. This is the gift card pocket. Set aside for now.

5. Take one of the 4-in. x 5 1/2-in. cardstock pieces and place it on the score board with the 4-in. edge along the top.

Score at the following points:
1-in., 2-in., and 3-in.
There should be four even sections.
Repeat with the other 4-in. x 5 1/2-in. cardstock. Crease each of the scored lines.

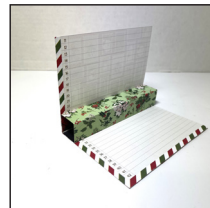

6. Place strong double stick tape/adhesive on the top and bottom of the two outer 1-in. sections.

7. Attach one of the scored pieces to the inside of the card, aligning at the center score line of the card.

8. Fold over at the creases to form a squared bar.

9. Adhere the other taped edge to the inside of the card, aligning the edge to the center of the card. A squared bar should form.

10. Center the gift card pocket to the pop-up piece in the card. Adhere with strong double stick tape/adhesive.

1 POP UP GIFT CARD HOLDER

INSTRUCTIONS (CONTINUED)

11. Take the remaining scored piece. Fold over the sections to create the bar.

Align the end of the scored piece at the base and adhere to the inside of the card base like how you did for the first one.

Fold the card closed to make sure the piece folds flat. Reopen the card to make sure the pocket pops up.

12. Wrap the 1-in x 11 1/4-in. piece around the outside of the closed card. Overlap and tape ends together to make the belly band.

13. Add a sticker, tag, or other embellishment to hide the overlap. Embellish inside and outside of the card as you wish.
