Mother's Day Cards

Instructions for card on other side

Mother's Day Card

Supplies:

5.5" x 11" White Cardstock
3" x 5" Red Cardstock
3" x 5" Black Cardstock
4 3/8" x 1 1/2" Black Cardstock
Printed Motherhood definition
Double Stick tape # 3001 3284 or 3001 3283
Glue stick
Bone folder
Paper trimmer
Sharp scissors

Directions:

Using the bone folder, fold the 5.5" x 11" white cardstock in half lengthwise. You should form a square card. The card design will have the fold edge on the top.

Trace and cut out the "m" piece from red cardstock following the pattern. Use a glue stick or double stick tape to glue "m" onto the black 3" x 5" cardstock.

Cut out "m" by trimming around design, leaving a small black cardstock trim. Center and adhere "m" to the white cardstock card, approximately 2.25" from the bottom edge.

Cut out Motherhood definition. Center and glue the matted definition onto the 4 3/8" x 1 1/2" black cardstock. Center and glue matted definition under the "m" on the front of the card.

Write your own "Happy Mother's day" message inside of the card.
