

# MASK ORGANIZER

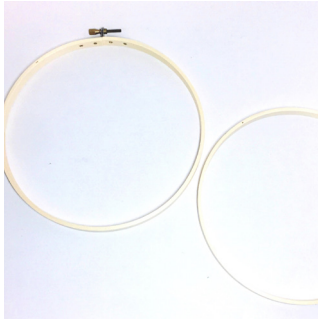

## MATERIALS & TOOLS

- 7" Wood Embroidery Hoop #77614123
- Mini Wood Clothespins #77676577
- 3 yards of 3/8" ribbon for the hanger
- Washi Tape, printed paper or paint to decorate
- Scissors
- Ruler
- **Optional:** Double Stick Tape or Tacky Glue

**NOTE:** Adjust measurement if you use a different size hoop and/or clothespins

## INSTRUCTIONS

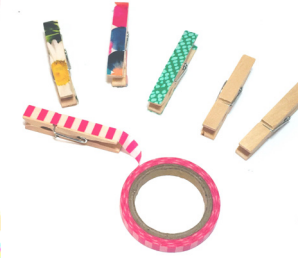

1) Loosen the screw on the outer hoop of the 7" embroidery hoop. Remove the inner hoop and set aside.

2) Decorate the outside of the outer hoop by painting, gluing on paper or trim or applying washi tape. If painting, let dry.

3) Place inner hoop back inside the outer hoop and tighten screw.

**NOTE:** You can use both hoops separately if you want to make two holders.

## INSTRUCTIONS (Continued)

4) Cut three 36" lengths of ribbon. Tie the ribbon to the hoop, spacing them evenly apart around the hoop. Gather the loose ends of the ribbons above the hoop and tie together to make the hanger. Trim ribbon ends as needed.

5) Take the Mini Clothespins and decorate the outer sides as desired. Here we used washi tape.

6) Clip the clothespins evenly around the hoop.

7) Hang your masks over the top of the clothespins instead of clipping them on. This will save time when you remove or hang the masks. Add more clothespins as needed.

## FINISHED SAMPLE
