Instructions:

1. Paint the two wood spools with the silver acrylic paint. Let dry. Set aside for later.
2. Use the WeR Gift Box punch board and follow the manufacturer's directions to create a 2-1/2" x 2-1/2" x 3-1/4" gift box from the 9" x 9" bright green cardstock.
3. Fold the box up and set it down with the flap closure on the bottom. Take the 2-1/2" black cardstock square and place it on the top of the box and tape in place.
4. Wrap the 1-1/2" black cardstock strip around the sides of the box at the top, creasing at the edges and overlapping at the ends. Remove and use the scissors to snip apart the whole length along one edge to create a pointy fringe for the hair (use the pictured sample as a guide) Re-wrap around the top of box and tape in place for the hair. The opposite side of the hair overlap is the "face".
5. Use the 1" circle punch and punch out two circles from white cardstock. Use the 3/4" circle punch to punch out two circles from the black cardstock. Place the black circles onto the white and tape in place for the eyes. Use the white Galaxy marker to make a small dot on each for an accent. Use a foam pop dot for each eye and place onto the "face" below the hair.
6. Use the black Sharpie marker to draw in a mouth (use the pictured sample for guide)
7. Place one painted wood spool on either side of box for the neck bolts. Tape in place.
8. Flip box over and fill with treats and close box.
