INSTRUCTIONS

1. Wash the jar and dry. Remove lid.
2. Cut vinyl to desired heart shape.
3. Adhere vinyl heart to jar. Burnish the sticker on the jar so there are no air pockets surrounding the edges. This will ensure paint does not seep under the sticker.
4. Brush your paint onto the jar. Once the paint is completely dry, add another coat if desired. Set aside.
5. Measure the rim of the jar lid. Cut a piece of 1/4" ribbon to the size of the rim. Attach ribbon with double sided tape to the rim.
6. When paint is dry on the jar, gently peel vinyl sticker from jar.
7. Use stickles to embellish around heart shape.
8. Add Sixxlets candy.
