- 9" x 12" Foamie - Purple #77613497
- 9" x 12" Foamie - Baby Blue #30041086
- 9" x 12" Foamie - Neon Green #30104739
- 9" x 12" Foamie - Fuchsia #30104743
- 9" x 12" Foamie - Tangerine #30104741
- 9" x 12" Foamie - Yellow #77613505
- 12" of 3/8" ribbon for hanger

TOOLS

- Pen/pencil for tracing
- 2 qty. 8.5" x 11" scratch paper for pattern making
- Scissors
- Low Temp Glue Gun & Glue sticks

INSTRUCTIONS

1. Take the wooden embroidery hoop and trace the inside and outside of half of the hoop, creating a rainbow arch.

2. From the traced arch, draw one arch below. Then draw four more arches above to create total of six arches for the rainbow. Number the arches from one to six starting from the smallest. (Note: the first arch from the hoop is highlighted in the black marker line)

3. Cut out the whole rainbow arch. Place the whole rainbow onto the pink foamie. Trace and cut out.

4. Take the paper arch and cut apart all six arches.

5. Starting with arch #5, place onto the orange foamie. Trace and cut out. Repeat with the rest of the arches - #4 = yellow, #3 = green, #2 = blue and the smallest #1 = purple.

6. Place the foamie arches onto the pink arch and glue to make the rainbow. Place the rainbow onto the top half of the hoop and glue.

7. Take another scratch paper and place the rainbow hoop on top. Draw a cloud shape on the paper making sure it goes slightly above the ends of the rainbow. Cut your cloud pattern out.

8. Trace the cloud pattern on one sheet of white felt. You can place the two sheets of felt together and cut out two clouds at one time or cut them out individually.

9. Place one cloud on the front of the hoop, slightly overlapping the top edges with the rainbow edges. Glue the cloud to the hoop. Glue the second cloud on the back of the hoop.

10. You can cut out smaller cloud puffs from the excess felt and glue on top to add more dimension to the clouds

11. Take the 12" of ribbon and tie to the top of the hoop screw. Tie the ends of the ribbon together for a hanger. You can place small items in the pocket to hold.
